PERSON PROFILE

I'm intuitive problem solver with GPA of 3.9, who exposed him self to different technologies and platforms concerning web and application development. Bringing forth expertise in design, installation, testing and maintenance of web and mobile systems. Proficient in an assortment of technologies, including JavaScript, python, C#, React, Node, Java and also I have deep understanding of MS applications. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

EMPLOYMENT HISTORY

Software Developer Intern at Dilla University, Dilla

April 2021 — August 2021

I was a software developer also penetration tester for 4 months at Dilla University ICT department. I build 2 system on of which is based on the problem I observed in the workspace and the other is built to solve the university student's problem as a whole. The penetration test I performed was on the HRMS system and I and my coworker were able to fix critical vulnerabilities.

Through this internship I was able to improve my communication, team working and problem solving skill

EDUCATION

Computer Engineering, Bahir Dar University, Bahir Dar

October 2017 — August 2022

I graduated with 3.9 GPA, In which I was top from my department and was able to achieve the best project award from the Faculty of Electrical and Computer Engineering.

EXTRA-CURRICULAR ACTIVITIES

Volunteer Teacher at Dilla Donbosco Highschool, Dilla

June 2022 — August 2022

I was Grade 9 biology teacher for 2 months. I was communicative with the student which in turn improved my communication skill. Also, I was also basketball game coordinator.

COURSES
